

VALE INDUSTRIES FIELD BIN “GRAIN GIANT™”

OVERVIEW

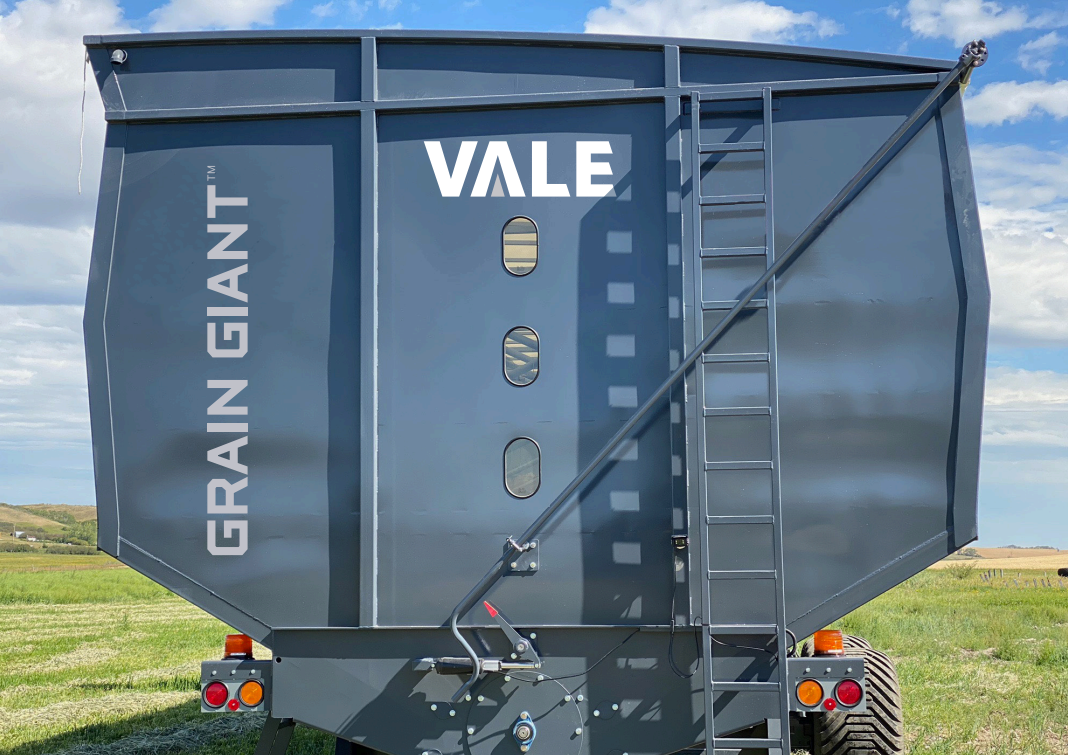

The Vale Grain Giant™ is the evolution of decades of experience combined with a vision to drive efficiency at harvest time. The Grain Giant™ was designed for the producer who is looking to drive productivity on their farm. Built to withstand the harshest environments with heavy duty materials and ingenious design, the Grain Giant™ has been field proven in Australia and now successfully in use for harvest 2020 in North America.

Grain Giant™ Field Bin for the future, manufactured today.

BENEFITS

The Vale Grain Giant™ has been designed to maximize harvest efficiency

- ▲ Increase combine capacity by eliminating the need to slow down to wait on trucking availability
- ▲ Increase safety as truck driver can follow a steady rhythm in load/haul/unload as combine or grain cart unloads into Grain Giant™
- ▲ Increases holding capacity to haul grain direct to terminal, while combines run at peak efficiency
- ▲ Increase blending capabilities
- ▼ Reduce wear and tear on tractor and cart by running at a safe and steady pace – takes out the spikes
- ▼ Reduce labor force
- ▼ Reduce the number of trucks hauling
- ▼ Reduce soil compaction by using smaller grain carts and tractors
- ▼ Reduces the pressure to speed back to the field or the storage yard

TECHNICAL SPECIFICATIONS

 UP TO 550 BUSHELS/MIN

 UP TO 15'2" AUGER REACH

 6500 BUSHEL CAPACITY

 45° ADJUSTABLE DISCHARGE SPOUT

CAPACITY	6500
OVERALL WIDTH	14'10"
OVERALL HEIGHT	14'2"
OVERALL LENGTH	61'4"
LENGTH OF BODY	50'10"
AUGER - DISCHARGE RATE	550 BUSHELS/MINUTE
DISCHARGE HEIGHT	15'2"
TIRES	700/50 X 26.5
LOAD IN HEIGHT	13'

TRUCK REMOTE

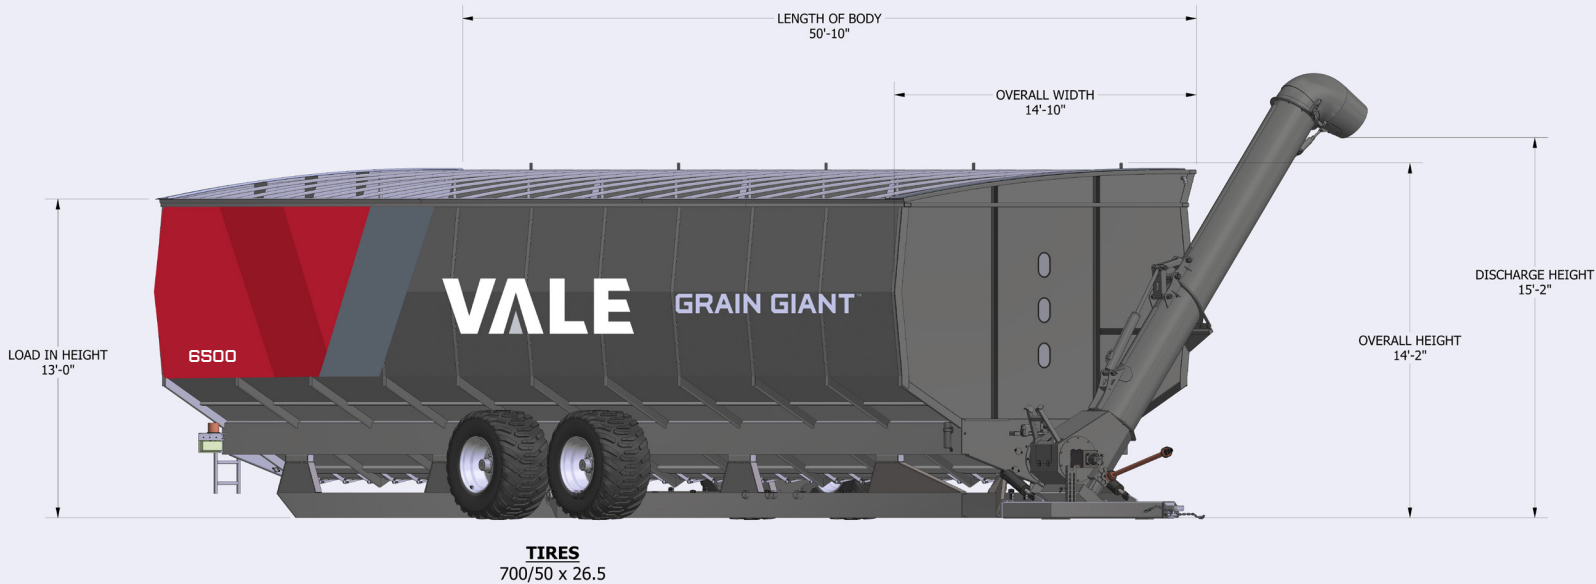

TRUCK FILL & REAR CAMERAS

22" HIGH CAPACITY AUGER

GRAIN GIANT™

SPECIFICATIONS

- Three year structural limited warranty
- Tandem suspension ensures a smooth ride for transport, both benefiting the operator as well as reducing shock loading bin in transport
- Flotation tires help to transport across soft fields, while reducing compaction
- Front and rear flow adjustable grain doors allow the operator to control speed of grain flow
- Full length clean out doors
- Light kit for enhanced night vision
- Camera kit for easy viewing while unloading
- Remote control kit
- Adjustable poly spout to adjust grain flow exactly where desired
- Height adjustable drawbar to allow smooth transportation through approaches and uneven ground
- Full length unobstructed internal walkways ensuring safety and convenience for the operator and ease of clean out for storage
- Twenty two inch auger for efficient unload capacity
- Sight windows to ensure the operator can check bin level
- Side access door for ease of clean out
- Easy to operate roll tarp

GRAIN GIANT™

MANUFACTURED BY VALE INDUSTRIES

Product specifications and configuration are subject to change without prior notice. Before ordering, please ask your Vale Agriculture dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to prices, specification and models.
