POSITION OVERVIEW			
POSITION TITLE	Ag Equipment Technician/Heavy Duty Mechanic	DEPARTMENT	Aggregate + Mining
REPORTS TO	Production Supervisor	VERSION AND DATE	V1 01OCT21
TERM TYPE	Permanent Full-Time	LOCATION	Indian Head, SK

About VALE:

Vale Industries Ltd is a manufacturer of engineered products and equipment for the agricultural, aggregate, mining, and related sectors. With roots in steel manufacturing going back 30 years, Vale knows how to deliver solid solutions and exceptional value for our customers. Our management team has over 150 years of practical, hands-on experience in engineering, manufacturing, and business management, focused on leading Vale's next phase of strategic growth. At Vale, we uphold a high standard of quality, integrity, and safety to demonstrate our commitment to our employees, customers, suppliers, and community.

Job Summary:

Vale has a great opportunity available for an experienced Ag Equipment Technician to be a part of our custom products assembly and equipment commissioning team. Vale Industries is a fast-paced, collaborative environment with lots of opportunity for personal and professional growth. If you are motivated to make a real difference and the drive results, this position may be for you.

Duties and Responsibilities:

- Read documents, computer screens, blueprints and drawings and take or read measurements to plan layout and procedures
- Prepare work to be accomplished by studying assembly instructions, blueprint specifications, and parts lists
- Position parts and subassemblies by using templates or reading measurements
- Assemble components by examining connections for correct fit; fastening parts and subassemblies
- Verify specifications by measuring completed component
- Resolve assembly problems by altering dimensions to meet specifications; notifying supervisor to obtain additional resources
- Gain and maintain efficiencies by following lean principles
- Maintain a safe and clean working environment by complying with procedures, rules, and regulations
- Conserve resources by using equipment and supplies as needed to accomplish job results
- Document actions by completing production and quality forms
- Contribute to team effort by accomplishing related results as needed
