POSITION OVERVIEW			
POSITION TITLE	Junior Design Engineer/Technologist	DEPARTMENT	Corporate
REPORTS TO	Engineering Manager	VERSION AND DATE	V2 010422
TERM TYPE	Permanent Full-Time	LOCATION	Indian Head, Sk.

#### About VALE:

Vale Industries Ltd is a manufacturer of engineered products and equipment for the agricultural, aggregate, mining, and related sectors. With roots in steel manufacturing going back 30 years, Vale knows how to deliver solid solutions and exceptional value for our customers. Our management team has over 150 years of practical, hands-on experience in engineering, manufacturing, and business management, focused on leading Vale's next phase of strategic growth. At Vale, we uphold a high standard of quality, integrity, and safety to demonstrate our commitment to our employees, customers, suppliers, and community.

#### Job Summary:

Do you love to troubleshoot problems? Perhaps you have been tinkering around on the farm and have mechanical know-how? Or maybe you are already designing grain handling/storage products or other short line products and are looking for a new opportunity!

Vale Industries is hiring! Preference given to individuals with design experience using Inventor or Solidworks with a background in agriculture.

Vale offers competitive wages, family-like workplace culture, and handsome benefit package.

Apply with cover letter including why you believe that you are the right person to help us move to the next level.

#### Duties and Responsibilities:

- Create new product designs and make changes to existing products
- Works on design and engineering projects under guidance
- Work within policies, standards and procedures for the engineering and technical work performed within the company
- Provide technical support for the manufacturing process
- Help ensure the performance and quality of Vale products within their respective industries
- It is the expectation that the successful candidate for this position help promote a safe and positive work environment
- Work collaboratively with other members of the team
