POSITION OVERVIEW			
POSITION TITLE	Laser Operator	DEPARTMENT	Production
REPORTS TO	Operations Manager	VERSION AND DATE	V128SEP23
TERM TYPE	Permanent Full-Time	LOCATION	Regina, SK

#### About VALE:

Vale Industries Ltd is a manufacturer of engineered products and equipment for the agricultural, aggregate, mining, and related sectors. With roots in steel manufacturing going back 30 years, Vale knows how to deliver solid solutions and exceptional value for our customers. Our management team has over 100 years of practical, hands-on experience in engineering, manufacturing, and business management, focused on leading Vale's next phase of strategic growth. At Vale, we uphold a high standard of quality, integrity, and safety to demonstrate our commitment to our employees, customers, suppliers, and community.

#### Job Summary:

Vale has a great opportunity available for an experienced Laser Operator to be a part of our production team. You would need to set up and run our new equipment in our Regina facility. We have a plan to gradually ramp up production with the right people. Vale Industries is a fast-paced, collaborative environment with lots of opportunity for personal and professional growth. We have a great management team that is organized, consistent, and listens to you! If you are motivated to make a real difference and have the drive to achieve results, this position may be for you.

#### Duties and Responsibilities:

##### Responsibilities include but are not limited to:

- Perform daily machine startup and shutdown procedures on CNC cutting equipment.
- Handle raw materials at your work-center for the day's production.
- Load and unload machines.
- Continuously improve cutting processes and reduce handling to get more done with less effort.
- Ensure production schedule follow through as allocated by the supervisors.
- Perform minor maintenance and cleaning of cutting equipment and work area in accordance with company standards and manufacturers' machine recommendations.
- Facilitate work-order paper flow in accordance with quality standards.
- Assist in every aspect of the shop to ensure efficiency, safety, productivity and organization.
- Maintain work area cleanliness to Vale standards.

#### **Education and Qualifications:**

- Grade 12 diploma or equivalent
- 1-2 years' experience operating CO2 and/or fiber lasers is required
- Strong organizational and problem-solving skills
- Be a Canadian citizen legally able to work in Canada; only applicants residing in Canada will be considered

#### **Knowledge Areas and Experience:**

- Experience in setting up and adjusting programs as needed.
- Ability to inspect flat laser parts with precision inspection equipment.
- Demonstrated ability to read drawings.

#### **What Vale Offers:**

- Meaningful work with a team of motivated individuals at a growing manufacturing company
- High standards as demonstrated in the quality of our products
- Opportunities for growth and development
- Opportunity to take on responsibility and overcome challenges to produce a multitude of high-quality deliverables on schedule

#### **Compensation and Terms of Employment:**

- Strong competitive hourly salary plus matched RSP
- Extended health, dental, disability and life insurance benefits
