POSITION OVERVIEW			
POSITION TITLE	Millwright	DEPARTMENT	Production
REPORTS TO	Manufacturing Manager	VERSION AND DATE	V01 091624
TERM TYPE	Permanent Full-Time	LOCATION	Indian Head, SK

About VALE:

Vale Industries Ltd is a manufacturer of engineered products and equipment for the agricultural, aggregate, mining, and related sectors. With roots in steel manufacturing going back 30 years, Vale knows how to deliver solid solutions and exceptional value for our customers. Our management team has over 100 years of practical, hands-on experience in engineering, manufacturing, and business management, focused on leading Vale's next phase of strategic growth. At Vale, we uphold a high standard of quality, integrity, and safety to demonstrate our commitment to our employees, customers, suppliers, and community.

Job Summary:

Vale has a great opportunity available for an experienced Millwright to be a part of our production team. Vale Industries is a fast-paced, collaborative environment with lots of opportunity for personal and professional growth. If you are motivated to make a real difference and the drive results, this position may be for you.

Duties and Responsibilities:

- Read documents, computer screens, blueprints and drawings and take or read measurements to plan layout and procedures
- Prepare work to be accomplished by studying assembly instructions, blueprint specifications, and parts lists
- Position parts and subassemblies by using templates or reading measurements
- Assemble components by examining connections for correct fit; fastening parts and subassemblies
- Verify specifications by measuring completed component
- Resolve assembly problems by altering dimensions to meet specifications; notifying supervisor to obtain additional resources
- Perform final inspection of assembled product
- Assist with internal maintenance and preventative maintenance program; provide lists of parts/services required for maintenance
- Learn all aspects of all production machinery
- Repair equipment as required
- Gain and maintain efficiencies by following lean principles
- Maintain a safe and clean working environment by complying with procedures, rules, and regulations
- Conserve resources by using equipment and supplies as needed to accomplish job results
- Document actions by completing production and quality forms
- Report out results and ensure NCR's are followed up on and closed
- Assist yard forklift operator loading of large units
- Contribute to team effort by accomplishing related results as needed
